& OUR HEALTH TEAM
 DHURUVH - SOCIAL AWARENESS FORUM
<http://www.dhruvh.org.in>

As the pandemic started in India by the month of March and 1st phase lock down started by 22nd of March, responding to the grievous situation our health unit promptly started a COVID-19 help line which was widely circulated through social media and we instantly receiving phone calls for free guidance and consultation which were properly answered by our authorized health team members led by certified physician. Till March 31st 2020, we received 321 calls.

We feed local daily wedge earners who lose their income and made temporary arrangements of night shelter for some families who were driven out by the house owners due to nonpayment & anticipated nonpayment of their rent.

Our endeavor attracts invitation from concerning platforms to make the general mass aware about our motto & work process. India is Us (www.indiaisus.com) is an NGO promotion initiative by Crystal Hues (<https://www.crystalhues.com>) to make the world a better place to live in , India is Us supports 12 social issues including Health & Nutrition where our organization selected through nationwide searching for the best & unique works. Our organization got its place in the calendar for 2020 on the page of February (<https://www.indiaisus.com/ngo-list/dhruvh.html>) month.

Association with UMEED Wellness Centre (<https://umeedwellnesscentre.com>), one the popular de-addiction, rehabilitation and wellness center in Delhi, our team run an awareness program on drugs & addiction, combindly consists of Human Right activist, General physician, Psychiatrist,

Nurse, Life style Specialist, Counselor, Holistic healer, Detoxifier, who altogether supervise, treat and counsel patient through 12 steps of de-addiction. As a working partner of FOUNDATION FOR A DRUG-FREE WORLD INDIA, we are also related with US based DRUG FREE WORLD (<https://www.drugfreeworld.org>) organization.

When it comes to prevention, our greatest test is: how effectively can we counter the propaganda that pressures our youngsters to accept drug use as a way of life and enables them to answer, "Am I going to use drugs?" With a resounding "No!" We like to stress that drugs include compulsive use of alcohol as well.

Studies showed that if an individual makes it to 21 years of age without experimenting with drugs, they are highly unlikely to do so. So our chances for success increase exponentially by empowering youth with the facts they can truly grasp about the physical, mental and emotional harm of drugs and their devastating effects on our lives. The Truth about Drugs (<https://www.drugfreeworld.org/course/lesson/the-truth-about-drugs>) is the basic know how about harmful effects of drugs.

TRAINING ON DRUG AWARENESS

SHARING EXPERIENCE WHO COME OUT OF ADDICTION
